“ *Auntie I'm so glad that I have some memories of you.i must say I never could imagine when I say you on Friday that it was my good bye to you . I think God I had those blueberries after all that's what bought me by for our last conversation. I'm still in disbelief that your gone so suddenly. You will always live on through my mother.your sister and keeper. She's hard broken right now because you went away.i know with the love of god she will turn that hurt into a smile because he loved her first*

“ I have had the pleasure of knowing Annie Herbert for 12 years. We worked together at Pineloch Elementary School. For the past 5 years, she was assigned to my 1st grade class. The students and I referred to her as "Grandmommy". This was her "home away from home". Annie worked with me all day, every day to help the students "do their best". Not a day went by that we didn't hug each other, kiss each other's cheek, and say, "Good morning, Love you!, How was your night?" We would always end the afternoon with, "Love you Grandmommy! See you tomorrow!" She would then receive hugs from the children and tell them, "Be good for Ms. Gifford!" We will deeply miss these routines and acts of love that we all grew accustomed to. She was our family and our friend. She will forever be in our hearts and minds. She will never be forgotten to those who had the honor of working with her on a daily basis. She truly made a difference in our lives at Pineloch Elementary School. We love you Grandmommy!!
