“ My uncle Anthony was the best uncle I could ask for He always looked out for his younger siblings and made sure everyone was okay, Even though he wasn't around a lot he always made sure to stop by my dads house or my grandma house and just check on everybody to see how we were doing, and After losing my father Lorenzo brooks it was hard for me to feel as if I belonged to this family I had and I felt so lost after losing my father but my uncle always made sure to call or stop by my mothers house to see how I was doing and made sure I was okay and knew that my family loved me and that he will always be there for me. And now finding out he passed I cried for a long time because he was my second dad after losing my first one and I miss him everyday because that's my uncle but I know he's in a better place now with my Dad Lorenzo brooks, Their father Willis brooks and Their Brother Douglas brooks and that they will be watching us from heaven and just being together.
