“ *Candace was my favorite person when we worked together at Project SEARCH. She tried to resist my friendship but I broke her down lol! She had so much love for her children and husband and every person in her life. I have heard stories about all of you! My deepest most sincere condolences to you all! Candace shared this pic of us the last time we texted* ❤️

“ I will always remember Candace as a dear friend and a loving person. She was an awesome co-worker and always gave 100% to everything she did. She loved her family and her eyes sparkled when she would speak of them. She fought the fight with courage and bravery and never complained. I will miss her cheerful heart and I know her light will continue to shine in the students she served here at the Special Hearts Farm. We love you Candace and will miss you dearly.

“ *Candace was a bright light in her class with "her kids." Always smiling, often laughing, Candace was a gem working with kids who needed more help. As a colleague, Candace was a refined professional in all her interactions with business partners and her team. While Candace's light may have dimmed, it will continue to shine through the work she did with "her kids." Such a gift will be missed.*

“ I was honored to have known her as a friend and colleagues and she will be deeply missed. There is a special place in heaven for this kind, loving lady. As her supervisor, she never questioned any of her assignments and always did what was best for her students who loved her very much.
