“ I worked with Charlene for many years, she was an inspiration to many , including myself. She would always be willing to give good advice , help and encouragement to anyone she thought was in need. As an energetic ,well educated , take charge type person , she was always on top of current events , to make this world.a.better place to live.  
She's now with my.parents , who have had the pleasure to meet her  
Charlene will be missed and continue to be loved....
