“ *To the Family of Cynthia,  
I was much sadden to hear of the passing of Cynthia. The Hart family and the George family grew up together on 20th Street in Ft. Pierce. I have many warm memories of those times. May her family know that they are in our thoughts and prayers.*

*With deepest sympathy,  
Brenda George Chester and George Families.*

*CST was a light in darkest times. She was a big sister/mother figure and inspirational person. These few words can't capture the love that I felt in her presence. Working with her, laughing with her and praying with her will be the memories I cherish. Comfort, serenity and peace to the family during this time.*

*Love and light,

*It is with a heavy heart that I write this condolence message to Cynthia's family. We met while attending Florida A & M University. We raised our families together, socialized and had great joy and happiness together. God's plan is not always ours but he does not make a mistake. Rest assured that these earthly cares no longer concern her for she now rests in the arms of our lord.*

*I am deeply saddened to have discovered, a moment ago, that our precious Cynthia has passed. Her presence in the EEO/AA Office at UCF in the early years its development contributed tremendously to the credibility and success of our delicate mission. Cynthia managed the front office with a constant smile, grace, and competence. Belatedly, I send my love to her children whom Cynthia often chatted about joyfully.*
