“ I love you Rob. No one will ever understand our bond! You served so many different purposes in my life over the last 20 years. People always thought we were dating and we'd laugh bc it we knew it was so much more than that. A true genuine friendship! We could tell each other the truth about anything and my favorite was our morning talks. I'm still in disbelief...love you to the moon & back. My well wishes to the Wells & Green Family. Thank you for always making me feel like family. Love you all! 🥰
