“ *Felicia I have known you since elementary school and I am so blessed to call you my friend. Like you, your mom welcomed me with open arms. I remember the trips to the store, sitting on the porch and just that warm feeling I got whenever I was at your home. She not only welcomed me but my kids as well.. your mom was special, she was caring and being around her and seeing how close you two were, I believe is something every girl wants. I will miss her, seems like all my life she was there. I will hold onto the memories, because that will give me comfort and peace of mind. Take care of yourself and stay strong. I will check on you often and so will your God children. Love you always Karen*
