“ *Ella became a member of our family around 60 years ago. She started helping my granny Mary R Fly around the house and with her 3 children. about 40 years ago she started to help my mom around the house and with my brother Darin Blackwelder and me. For me she was always part of our family since I grew up with her between granny's house and our house. I have the best memories of my time with her. She came to our house usually at least twice a week. I remember always wanting to stay home from school "sick" when Ella would be there because I so enjoyed being around her, talking to her, listening to her stories etc. There were a couple of summers that her granddaughter would come to visit her and Ella would let her come to play with me! I had so much fun! I have no bad memory just fuzzy good memories of being so lucky to have such a sweet, loving and Godly grandmother type of woman in my life. I had not stopped by near enough in the recent years to visit her but enough at least to introduce my children to her. One of my FAVORITE memories is one day my room was a total mess I think every barbie doll, baby doll, toy etc that I had was scattered all over my room and she came and got me shared a few thoughts about my messy room with me and made me clean it. She never stopped loving me and never once stopped loving her.*
