“ *It is truly with a heavy heart and feelings of sorrow to hear of the passing of such a beautiful young lady. She went to school with my children, however, I first met her when she attended our church. The last time I spoke with her, we talked about her children and she expressed desires and aspirations to become a police officer. She truly was a very nice young lady and will definitely be missed. I pray for the comfort of the Lord on her children, family, friend and all that knew and loved her.*

“ I’ve been back and forth with writing something because I still haven’t processed this nor do I want to. God allows for certain people to come in your life and these years that I have known you have been awesome!!! You’ve became one of my bestfriends and a part of my family as well. I just want you to know that I love you and you will never be forgotten 😊
