“ *Through the years i have thought about this family and I often smile when I do. I had visited bishop church many years ago and I can say they don't make them like that anymore. Just praising God and learning the word together. Great service! I remember I asked this family to sing at my mother-in-law funeral and they didn't hesitate. This is a good family and I have nothing but love for you all. It is better for a man to have a good name than all the riches and fame. Bishop rest in peace and family know that you are loved and have been in my prayers for years.*
