“ *Wow one day I'm trying to find out where he moved to. So I can come hangout with him like we used to. Then I get a called saying that he died on the same day we buried another friend. During the time when were neighbors we had a blast. He also took up time with my kids walking them to the park going to rock springs with me helping me keeping a eye on them. Lol He also developed a crush on my mom and started calling me son. S.I.P Pops you will be truly missed. And we are sending our Prayers to the family.*
