“ *I met Kendall 20 years ago. I ended up meeting my soul mate through Ken, Earl DuBois, who was also taken from us far too soon. Kendall quickly became like family. I loved Kendall's passion for music and the way he truly lived life. The last time I saw Kendall was at Earl's funeral, he told me we'd always be family and would stay in contact, we did! I appreciate him for that! I remember back in the day Kendall's "music name" was Unique, and that he was! I will love and remember him always! I know he and Earl are having a ball being together again!:)*

“ Kendall Chappell. A name, a person I have never forgotten and I am most certain never will. I've known Kendall since we were in Jr. High at Faieview... then we met back up at Meadowdale High. Kendall, to me, was always the real cool dude with the pretty hair grade who was a cutie pie and would come around and just joke and loved to laugh like the rest of us. I can honestly say that I looked forward to seeing my friend everyday at school. I wish I could say I was surprised to see his success rose as Traffik but the truth is I always knew after he'd stop joking around he would put that intelligence to good use and make something of himself. To hear of his passing was a blow. Kendall is in my thoughts and all of my wishes and prayers of peace, comfort and joy of him are with his family and loved ones. May you all continue to represent him well because he was one who deserved to be celebrated. Peace and love.
