“ *Price boy I don't know why you went out the way you did, but I believe God had a plan for the people around you to open their eyes through you. You was one of my brother you and lacy looked after me when I was coming up until I could hold things down on my own,been through some crazy things but I had your back and you had mine. Crazy how you didn't get to meet my daughter but told me she would be beautiful. I'm glad the last time we talk you told me you was proud of me because I was becoming a man I didn't know it would of been our last convo. I'm blessed to have known you and I will always have love for you bro hope you looking down on all of us as we walk light.*
