“ *Bro. Paul,*

*Our family would like to express our deepest condolences to you and your family at this time. May God's abounding love, shield you from the heartache that may seem unbearable while you are going through. We wish there were words that could ease your pain, but we too have travelled this road and know that the comfort of the Holy Spirit's presence, and the love of friends and family are needed. So we pray that God would send friends to comfort and support you during this time. There is a quote I read that I hope will bring comfort to you...*

*“How very softly you tiptoed into our world, almost silently, only a moment you stayed. But what an imprint your footsteps have left upon our hearts.” Dorothy Ferguson*

*I believe she left an imprint that will remain forever in the hearts of all those who knew and loved her.*

*May the Holy Spirit comfort you heart,

“ *It is with our deepest sympathy that we greet you our dear Bro. Paul,*

*Our hearts share in your sorrow at the passing our our beloved Evangelist Margaret; She has been one of our most cherished among friends and family. There are no words that can express how much she touched our lives and we unite our hearts with yours during this time. Call on us if there is any way we can assist the family. Please know that our love for the two of you has remained steady and sure throughout the years. We too have recently been where you are at this moment, and can testify that the God we serve will bring you through now and the coming days ahead. You are not alone, for we are bound together with cords of love and we pray you find strength in knowing that though we are not there in body to embrace you, our spirits cling to you with love and affection.*

*You are in our thoughts and prayers,*
