“ *My sincere condolences to the family in this most difficult time. I just wanted to share some comforting scriptures that I pray bring you comfort. The Holy Bible reveals that God purposes to remove all the distressing conditions that cause sorrow and pain, including death. He promises: "Look! The tent of God is with mankind, and he will reside with them, and they will be his peoples. And God himself will be with them. And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things will passed away"-Revelation 21:3, 4. Very soon all our tears of sorrow will be turned into tears of joy, for this is God's promise to us.*

“ If I sized more time for small talk I would not be so grieved. If I went deeper than surface talk perhaps I would understand. But because I was not aware of the time, I was caught off guard. However, you made a difference while you were here and that makes me optimistic. R.I.P

“ You taught me so much as a young woman and about respect. I will forever remember the many times I sat in your office... But there is one in particular when I got in my first and last fight at MMS. You told me Amari you are so much more than this, your life is worth so much more... I want you to think about your future and ask yourself if this is what you wanna be remembered for you called me a young "Rocky" in the making! lol And now I see that life is very short but I dont question Gods work for he is to be trusted you have left a legacy that will forever be in many of our hearts... ill keep your words in my mind , and heart forever. “ It's crazy to know that you are gone just a few years back I was seating in your office and you was talking to me about life and my future. You came to mostly all of our flag football games to support us. We played basketball in the gym everyday after school. There will always be wonderful memories when your name comes to mind. Every time I sat in your office you had these long talks with me and at the time I was pretty young so I never really understood what was going on. But I know you always believed that I was a good young man with a bright future. If for that I will always love you man because not much believed in me growing up. Sometimes I Think About why is there so much pain every where we go . But without pain how could we ever know we are happy. I'm not happy your gone , I'm just happy you can open your eyes again to look down upon all of us an see that even though your gone you will always live through those that loved you. R.I.P Mr.Longmire
