“ Grandma Beauty it's 2024, and I'm still missing you like Heck. Just to be able to sit and talk to someone without JUDGEMENT, is rare. I love you so much and Will always carry you with me.

“ Oh how I'll miss the countless hours you and my mother "sista" would sit on the phone and just talk. Retrieving your messages from the answering machine. " This is Nettie Warren." Rest In Peace
