Hey girl I miss you. If it wasn't for you and always being so positive I don't think I would have made it through Nursing school. You were always there to lift my spirits up with your positive attitude. I want to thank you for being such a genuine friend. And I am glad I was able to tell you how wonderful and Genuine you are. I guess God needed you more to train Angels in heaven to be exactly like you. Love you and I know you are watching over us.

“ I must say...I was taken by surprise to learn of the transitioning of one of my students from Eatonville Kindergarten in the 1980s. Takeyia "KiKi" as she was affectionately known to us, she was so smart and always exhibited responsibility at an early age, looking out for her little sister Jackie. A quick story, one day "KiKi" came to me and said "I don't feel good", she was wearing a woolen sweater and the temperature in the Day Care Center was warm, she removed her sweater and instantly she began to feel better! To Debra you are a superb mother, never forget that and a model parent to your children. This too shall pass! "Weeping may endure for a night, but joy is sure to come on tomorrow."
