“ I would just like to say that I am so sorry for everyone's loss. She was a beautiful person inside and out. She made my days at Boston Market so much better. She always had a smiling face and an upbeat personality. She helped me in so many ways, and I never got to say thank you to her. She was a great friend and she pushed me to get closer to God. I hope I can do that for her, and I know she and Kymani are flying high with angels now. I miss her like crazy, and I know everyone else who has come into contact with her will miss her too. She will always be a part of my heart.
