“ I worked with TJ for the last 2 years, he was a very smart and loving young man. We had this trend going where he would scare me with a air horn we had at our job and I would try to get him back but he was always a step ahead of me. I Remember one time he got me good was during the hurricane we were working together at the clubhouse we did security for and i fell asleep in one of the rooms and TJ put a teddy bear next to me and took a picture on snap chat. It was awesome because it looked like i was sleeping with a bear. TJ would want his family to be strong and keep their heads up high and to know he will always be with them. My thoughts and prayers are with his family and I truly am sorry for their loss. TJ will be missed and never forgotten.
